Project reference

Eastriggs/Horizons

Our delivery partner George Leslie will be carrying out this work on our behalf.

Taking care of your sewer network in Eastriggs.

What we are doing

As you are aware, we are upgrading the capacity of the network in your area. During our excavations, we have identified that the works require more extensive engineering and we will be **extending the duration of traffic management and road closures until the end of July.**

When are we doing it

Work has already started in Annan Road and will now be extended until Fri 31 July.

What happens next

- Your water supply and drainage services from your kitchen and bathroom should not be affected by our work.
- The current layout of traffic management of road closures and traffic lights will remain in their current place until the end of July.
- Our team will be onsite between 7am-6pm each day, Mon-Fri.
- You will hear some construction noise during the work.
- We appreciate the inconvenience this may cause and will try to complete the work as soon as possible.

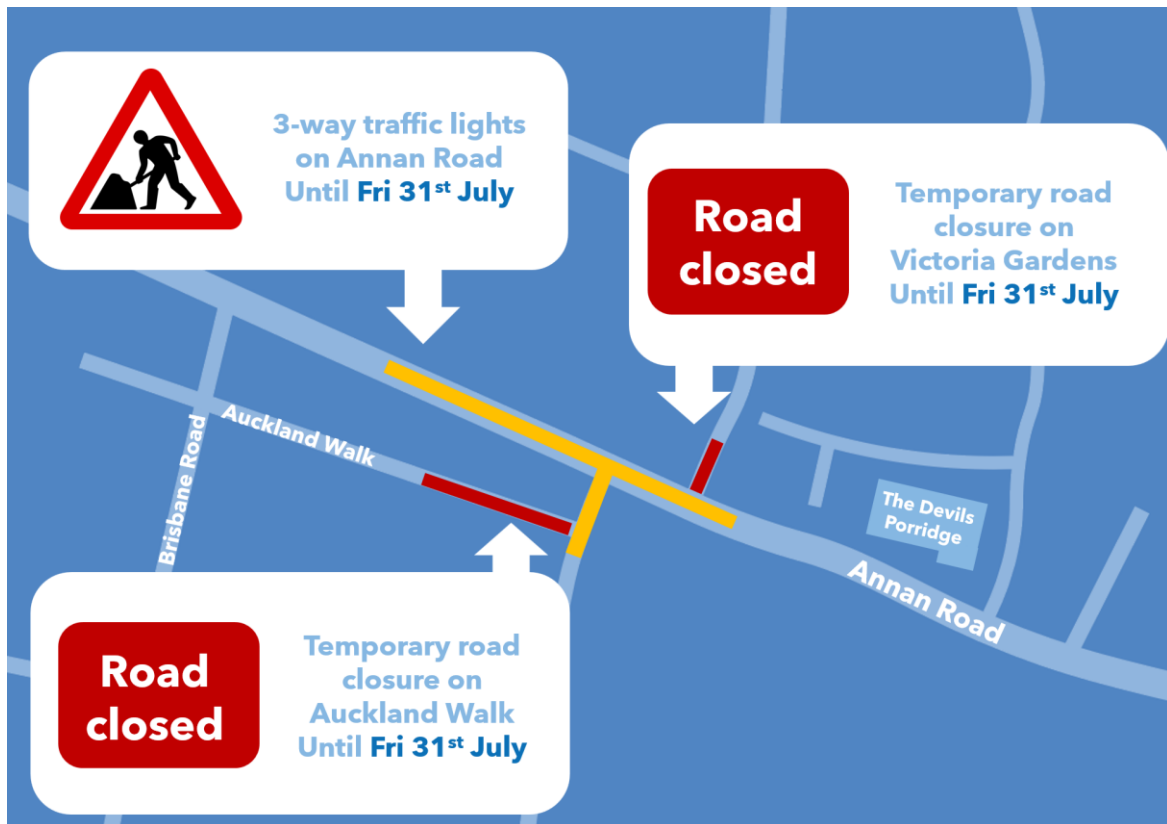

Thank you for your patience and understanding while we complete these upgrades.

Greg Small
Project Manager
