Our delivery partner George Leslie will be carrying out this work on our behalf.

Taking care of your water supply in Liberton

What we are doing

We are conducting surveys of the network near your street to identify possible future work on the water network. This requires **closing two sections of Gracemount Square to all vehicles.**

When are we doing it

Work will start in Gracemount Sq on Sun 31st May until Sat 13th June.

What happens next

- Your water supply and drainage services from your kitchen and bathroom will not be affected by our work.
- **Two sections of Gracemount Sq will be closed, but only one phase at a time.**
- Traffic Management will begin to be setup on the evening of Sun 31 May for our site team to arrive, who will work Mon – Fri and then move onto phase two. With the traffic management removed completely from Gracemount Sq on Sat 13 June.
- Pedestrian access to properties will be maintained, **however no vehicles or cyclists will be permitted within the road closure area.** Please follow all signs put in place.
- Your refuse collections with Council will remain unchanged, please continue to operate as normal as our site team will maintain their collection within the road closure.

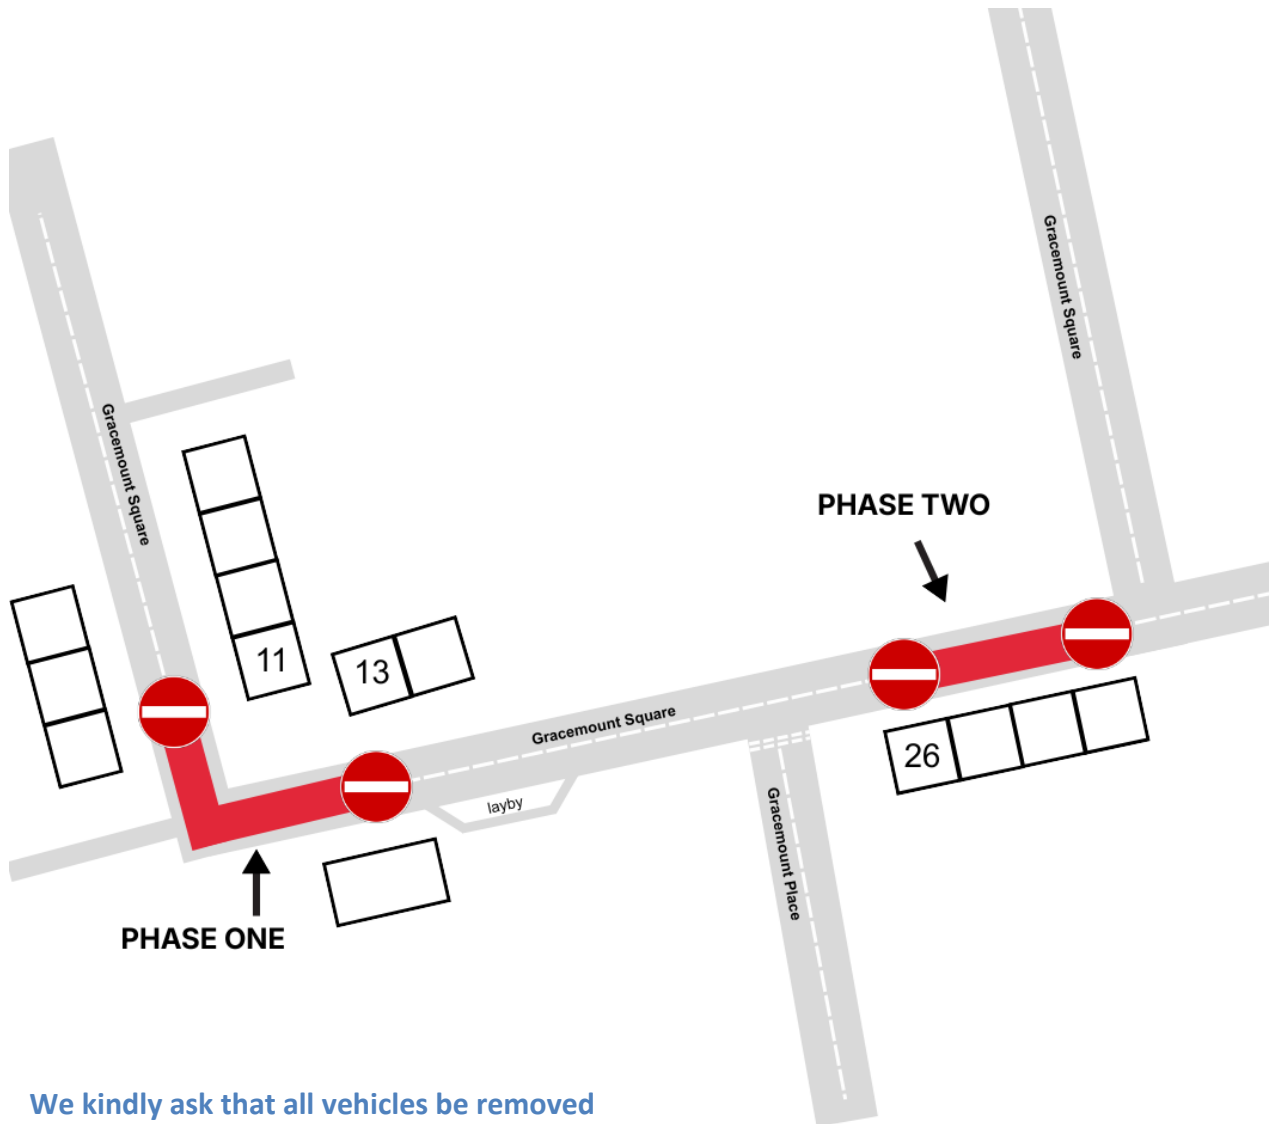

Thank you for your patience and understanding while we complete this essential work.

Callum Hunter
Communication Manager

scottishwater.co.uk

For illustrative purposes:

We kindly ask that all vehicles be removed from within the road closure phase one area on Sun 31 May. If not, they can be removed at the owner's expense.
