

**Scottish
Water**

Trusted to serve Scotland

Project Overview

We are replacing approximately 10.5km of water main between Sunnyside Cottage and the AWPR roundabout near Stonehaven.

This work is required to ensure we continue to provide customers with clear, fresh drinking water and reduce the history of bursts affecting the area.

The work which started at the Sunnyside Cottage end of the works in Mid-October is expected to take approximately 20 months in total.

Note: Dates and durations may be subject to change depending on progress.
